

**Zoom** has a new feature: Closed Captioning.

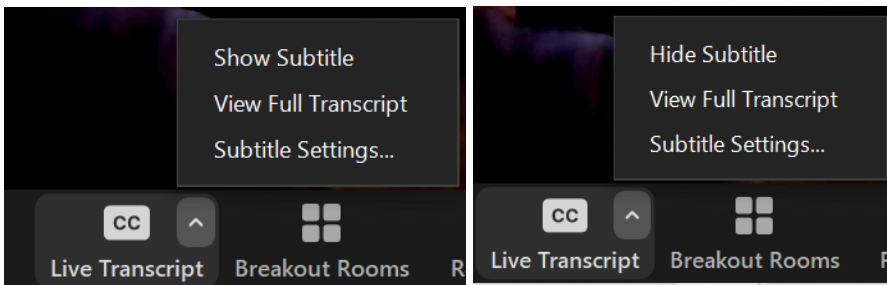

You can control what you see on the screen by clicking on the CC button at the bottom of your Zoom screen.

You can **Show Subtitle** or **Hide Subtitle** depending on if whether it is helpful or distracting

You can **View Full Transcript** on the side of your Zoom window

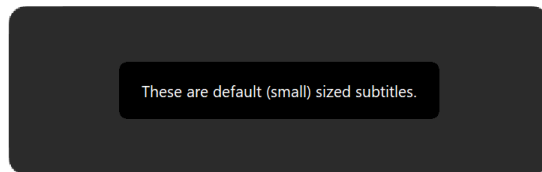

You can change the size of the text (Normal, Medium, Large) by going to **Subtitle Settings...**

The captioning is computer generated and so may not be accurate.
